MOLDOVA

Green Building Council

1. Membership Goal

The Green Building Council of Moldova (MoldGBC) is the premier independent, non-profit, member-based organization committed to promote buildings, cities and communities that are healthy, livable, productive, resilient and sustainable in the Republic of Moldova. Our ability to amplify and strengthen the voices and opinions of the built environment goes hand in hand with growth in the scale and scope of its membership.

Many organizations that aspire to sustainability leadership are joining our community, enjoying a number of improved benefits that aim to strengthen their leadership ambitions and maximize their impact and profile.

2. Why join MoldGBC?

MoldGBC Membership is a benefits-based one.

Organisations and individuals join with like-minded people and groups mainly as a show of support and desire to join an alliance that helps to:

- * *Take an active role* in influencing and developing strategies, informing future policies and regulations by connecting with our specialized team, and accessing decision-makers within a series of events
- * *Access the information* about new energy-efficient products, laws and environmental regulations, technical guidance for green products, and green building industry practices examples
- * *Engage* and lead the market transformation
- * *Connect* with national and international built environment market leaders.
- * *Access* to our future conferences / seminars/exhibitions / workshops.
- * *Contact* international experts in green buildings through our network of contacts with the other Green Building Councils.
- * *Network* with colleagues and industry stakeholders at our extensive events
- * *Influence* a favorable legislative environment and to advise interested local authorities.
